Headline:
Further coastal showers. Dry and bright elsewhere. Windy and cold.

Today:
Further showers will feed into coastal areas on a strong and gusty northerly wind throughout the day. Showers gradually fading by evening. Otherwise, dry with some sunny spells elsewhere. Feeling cold in the wind, especially along the coast. Maximum temperature 9 deg C (48 deg F).

Tonight:
Coastal showers will gradually fade during the evening to leave a dry night, with clear spells developing. Turning chilly with a touch of frost in places. Winds gradually easing. Minimum temperature 2 deg C (36 deg F).

Friday:
Turning cloudier from the northwest during Friday, with some patchy drizzle at times, mainly on the hills. Drier and brighter elsewhere. Less cold than previous days. Breezy. Maximum temperature 11 deg C (52 deg F).

Outlook for Saturday to Monday:
Largely dry, bright and breezy on Saturday. Wet and windy weather sweeping southeastwards overnight and probably clearing early on Sunday. Drier and brighter on Monday, after a cold start.
